

Commercial Signage

- An aluminum-trimmed acrylic theatre sign features brushed aluminum lettering and a polished aluminum bar (top).
- Auditorium identification also features brushed aluminum letters, a polished aluminum bar, and maple wood accents.

Jarob, Inc. brought design to life in the beautiful Marie P. DeBartolo Center for the Performing Arts at the University of Notre Dame. We teamed with Carol Naughton + Associates, Inc. to put our value engineering and fabrication expertise to work for the Center's interior signage and identification elements using a variety of materials, including curved brushed aluminum panels, acrylic, brushed aluminum lettering, wood frames and photopolymer.

- A curved panel of brushed aluminum with screen-printed text directs visitors to different sections of the auditorium.

- • A portable pylon sign of brushed aluminum highlights directional information for auditorium visitors.

- • An acrylic concert hall sign features brushed aluminum lettering.

- • A distinctive restroom sign in acrylic utilizes brushed aluminum symbols.

- • Screen printed text on brushed aluminum shows visitors the performance center's layout.
